Address: 10 Pasir Panjang Road, #03-01 Mapletree Business City
Singapore 117438

Member affiliation: Peppol Authority for Singapore

Brief personal statement setting out the reasons why the candidate should be elected:

I am seeking re-election to the Management Committee of OpenPeppol. This will be my second term in this position as a representative of Peppol Authorities where I intend to continue to actively contribute.

As the Peppol Authority for Singapore, the Infocomm Media Development Authority (“**IMDA**”) has been actively involved in both the development of the Peppol ecosystem in Singapore as well as across the region. Since the last election in 2019, Singapore has achieved a number of milestones with regards to Peppol.

From an international perspective, as a team, we have driven the Peppol agenda through a number of initiatives, these include:-

1. Hosted the first Exchange Summit in Asia (November 2019);
2. Established strong working relationships with regional adopters (Australia and New Zealand); and
3. Involvement in outreach initiatives to Malaysia, Thailand, Japan, Philippines and India.

From a domestic perspective, we have also made significant progress in our move towards adoption of Peppol at a national level, these include:-

1. The establishment of 35 Peppol Access Points;
2. Connection of 120 end user solutions (such as ERP and accounting software providers) to the Peppol network;
3. Registration of over 38,000 companies on the Peppol network;
4. Enabling government receive capabilities for almost all government ministries and agencies; and
5. Enabling government send capabilities for the largest invoice issuing agencies in government.

As Singapore transition from being one of the newest Peppol Authorities, it remains centre of one of the fastest growing regions in terms of technology adoption. If elected, I will continue to bring new and different perspectives from our region.

I look forward to being able to continue to represent the Peppol Authorities at the Management Committee while supporting the Operating Office and the Secretary General with OpenPeppol’s efforts to expand.

Please find my CV with additional details attached.
