WORK EXPERIENCE

January 2023 - today

Ansgar Mondorf, IT Consulting

Freelancer and Expert in field of Enterprise Architecture, eGovernment and Interoperability

- IT Project Management
- eGovernment IT Consulting
- Enterprise Architecture Customization & Management
- Development of Specifications, Data Exchange Models & IT Standards
- eProcurement standardization and implementation in relevant pre-award initiatives PEPPOL, CEN WS BII (1-3), ESPD OUC, eForms, InterProc, InterPlat, ESPDint
- Test Management and Interoperability Testing
- PEPPOL eDelivery & eInvoicing
- eBusiness and Enterprise Integration
- System Analysis & IT-Concept Development
- Once Only Technical System (OOTS) Consulting

Beschaffungsamt des BMI

Co-ordination of WG "Peppol BIS Complete Tendering Procedure" with the Procurement Office of the BMI (Germany) aiming to define Peppol Business Interoperability Specifications (BIS) for all business processes of the procurement process to allow a better usage of eTendering in productive environments.

Koordinierungsstelle für IT-Standards

Development of the specification of the domain-independent IT standard "XNachweis" for retrieving evidence from registers in the national administrative procedures.

March 2022 - today

DG Digit

Consultant and Enterprise Architect in the context of the development of the technical design documents for the Once Only Technical Systems (OOTS) for the implementation of Regulation (EU) 2018/1724 and Commission Implementing Regulation (EU) 2022/1463.

September 2018 – today

Invinet Systemes / B2Brouter

Country Manager of the B2Brouter eBusiness and eInvoicing platform to manage B2Brouter's operations in Germany. B2Brouter aims to simplify and facilitate the creation and sending of electronic invoices and other type of electronic business documents for all types of companies. The core task is to adapt the platform to the requirements of the German market, to define the marketing strategy, to monitor the campaigns and to set up the distribution channels. In addition, the development of further international locations is supported.

March 2007 – December 2022

Research Assistant and Lecturer

[University of Koblenz-Landau, Institute for IS Research, Research Group E-Government, Koblenz, Germany](#)

- 15 years of experience in the field of digitalization of the public sector;
- Position as researcher and lecturer in the research group eGovernment of the institute for IS research. Lectures in Interoperability, Standardization, eGovernment, Enterprise Architecture, Public Management, System Analysis and Information System Modelling;
- Conceptual design and implementation of the learning module "Interoperability and Standardization in E-Government" in the IT Planning Council funded project eGov-Campus;
- Co-coordination of WG "Peppol BIS Complete Tendering Procedure" aiming to define Peppol Business Interoperability Specifications (BIS) for all aspects of a procurement process;
- Coordination of the sub-project "small-scale procurement" and participation in the sub-project "standardization" within the framework of the IT Planning Council's cooperation project on standards-based digitization of the public purchasing and procurement process;
- Member of the working group "European Cooperation under the SDG Regulation" in the national project "Register Modernization" in Germany initiated by the IT Planning Council;
- Member of the Core Component Task Force (CCTF) of the TOOP project, in particular tasked with developing and maintaining the TOOP EDM;
- Coordination of the activity "Upgrade of the eTendering Interface" in the CEF Project InterProc (Action No: 2020-EU-IA-0191), Member of the CEF Project InterPlat (Action No: 2017-EU-IA-0097);
- Coordination of the CEF Project iFLOAT (Action No: 2018-EU-IA-0065) aiming to introduce eInvoicing and eDelivery at the local and regional level;
- Long-time active member of the ESPD Open User Community. Quality assurance of the ESPD Exchange Data Model specifications and activity leader in the CEF project ESPDint;
- Establishment of a European interoperability framework for e-procurement within the framework of the CEN WS/BII standardisation initiative (1-3).
- Junior Project Manager in the Twinning Project "Strengthening of E-Governance in Georgia" establishing capacities for governance & reforms in the Data Exchange Agency (DEA) of the Ministry of Justice in Georgia.
- Management and coordination of the work package Virtual Company Dossier in the European Pilot Type A project PEPPOL aiming to provide pan-European public procurement services online.
- Involvement in various EU projects and initiatives such as BRITE, R4eGOV, e-SENS

Research and Higher Education

EDUCATION AND TRAINING

October 2005 – February 2007	M.Sc., Information Management University of Koblenz-Landau, Koblenz, Germany	EQF Level 7
January 2005 – May 2005	Erasmus programme, School of Business and Economics University of Jyväskylä, Jyväskylä, Finland	
October 2001 – November 2004	B.Sc., Information Management University of Koblenz-Landau, Koblenz, Germany	EQF Level 6

PERSONAL SKILLS

Organisational / managerial skills

- Project Management, ICT operations, life cycle management and ICT governance;
- Analysis of relevant legal frameworks and implementations of EU legislation, capturing of legal requirements and their transformation into technical artefacts;
- Excellent ICT knowledge including adoption of latest methods and technologies;
- Interoperability frameworks and enterprise architectures;
- Excellent skills with regard to standardization facilitation: requirements engineering, business process modelling, data modelling and interface design, methods and modelling techniques;

Computer skills

- Enterprise Architectures and Development Frameworks like SCRUM, TOGAF, EIRA, FIM, XÖV, ...
- Business modelling and project management software like Oxygen, Archi, Adonis, ARIS, BIZAGI, Enterprise Architect, Jira, Altova XML Spy, Confluence, IntelliJ IDEA, ...
- Modelling of Information Systems: Archimate, UML, BPMN, EPC, ERD, ...
- Technologies like HTML, XML, XSLT, RDF, OWL, Schematron, AsciiDoc, ...
